### CHARLIE CHAPLIN

Fischer Party at the Opera House, June 3d, Field Day, Fischer's No. 1 Orchestra will furnish Music.

### A MAY FLOWER

Last Saturday May 20th, was the ninth birthday of Miss Jean Warner and in honor of the day about fifteen young ladies of Jean's age were invited to her home on Kalamazoo st. to aid in the festivities. It being an ideal day the young ladies were able to enjoy a porch party. Games were enjoyed and stories of school life were told. Delicate refreshments were served the company by Mrs. Warner and as a pleasing end to a most enjoyable afternoon, "Uncle Blaine" took all the young ladies to their respective homes in the automobile. Jean received many nice gifts from her young friends to remind her of the day in after years.

### VAN BUREN COUNTY BAR ASSOCIATION MEET

A meeting of the Van Buren County Bar association held at the court house Monday forenoon with the following members from out of town present, J. C. Corsham, James E. Chandler, C. M. Van Riper, L. J. Lewis, H. H. Adams, and W. G. Bessey.

A committee composed of Glenn E. Warner, David Anderson and T. J. Cavanaugh was appointed to draft resolutions on the death of Mrs. L. B. Des Voignes. An informal discussion was held relative to holding a meeting of the Association sometime during the middle of the summer.

### ARLINGTON MAN IS BURIED ALIVE

Edward Moden Crushed Beneath Timbers and Earth While Working in Ditch on His Farm.

Edward Moden met a violent and tragic death at his home in Arlington township north of the village of Lawrence last Monday noon.

He was lowering a ditch on the farm and was working ten or twelve feet below the surface of the earth. He had completed the forenoon's work and with his hired man was leaving the ditch for dinner when the timbers which lined the embankment gave way and buried them both. The hired man was only partially covered and succeeded in uncovering Mr. Moden's head and extricating himself from the timbers and earth. Moden was alive and told his companion to hurry for help as he could not stand it long. The heavy timbers and earth had crushed his back, however, and he died before help arrived.

He leaves a widow, formerly Mrs. John Drake of Paw Paw, whose husband was killed on the railroad here several years ago, and several children.

### LAKE CORA RESORT OPENS SATURDAY

Lake Cora Inn will open on Saturday night of this week. The resort will be managed again this year by Rudolph Willard of the Berghoff hotel in Kalamazoo, which insures a high class management for this popular resort. Mr. Willard was in Paw Paw, Tuesday on his way from the lake, where he had been to put the place in order.

The grand opening will be on Saturday night of this week. A big chicken dinner will be served at 6 o'clock and there will be dancing in the evening to the strains of Fischer's full orchestra. Mr. Willard has spared no work or expense to make the opening a grand success. He plans to have dancing on two evenings each week, Tuesdays and Saturdays. Fischer will furnish the music for all the dancing parties. The citizens of Paw Paw and vicinity should appreciate so high class a resort at so convenient a distance from the village.

A L. Hindenach's mother, Mrs. Lena Hindenach passed away at her home in Marshall, last Sunday afternoon. The deceased was 79 years old. She leaves to mourn her loss, two sons, A. H. Hindenach of this city and Fred whose home is in Marshall, two daughters, Mrs. Ed Balch of Battle Creek and Mrs. Albert Curtis living in Marshall. The funeral was held in Marshall Wednesday and the mother was laid to rest by the side of her husband, who preceded her about seven years ago. A. L. Hindenach and family went Wednesday to attend the funeral services.

### CITY MAIL DELIVERY JUNE FIRST

Postmaster Calls Attention to Some of the Requisite Details. Patrons Must be in Readiness for Service.

City delivery service from Paw Paw postoffice will start on June 1. The preliminary arrangements for the service are about completed. Leon L. Douglas will be the regular carrier and Kirke Harrington first substitute with six hours per day. Roy L. Harrington will be second substitute for vacation, holiday and extra service. Leon Douglas was transferred from the rural service and the substitutes were selected from the eligible list established by the recent civil service examination.

The postmaster desires to state that as ordered by the postoffice department, mail will be delivered only to residents on streets provided with sidewalks. Patrons who are not on the line of some sidewalk may erect a mail box at some convenient place along the sidewalk and have mail delivered. On some streets there is a sidewalk on one side of the street only. Patrons on the opposite side may erect boxes on the sidewalk across the street from their residences and mail will be delivered in that manner to all who desire the service. Patrons who live out beyond the end of the sidewalks may erect boxes at the end of the walk and have service in this way.

Nearly all of the residences are already provided with mail boxes, but there are some who have not put them up. There must be a mail box at every residence where mail is to be delivered. They should all be in place before the morning of June 1.

The department requires also, that business places must provide some sort of receptacle for mail near the front of the store or place of business. In other words, the mail carrier is not expected to walk to the rear of the store and leave the mail at the office. A basket or box of any kind will answer the purpose and must be placed at some convenient place near the front of the store.

Offices must have boxes erected in the hall near the door, or slot cut in door so that mail can be left secure should office be locked, otherwise the carrier would have to go to the trouble of carrying the mail back to the office.

It is hoped that all these details will be properly attended to before June 1. The day service starts, that there may be no delay in getting the delivery system working order. For any further instructions relative to the beginning of the service, patrons are invited to consult with postmaster, assistant or clerk at the postoffice.

### A NARROW ESCAPE

Thursday morning as Mrs. John Mutchler was cleaning house she came upon a small package of boracic acid, wishing to dispose of it in some manner, went to the kitchen stove and threw it in. Soon as the act was done a thought came to her that she had better vacate from the room as it might explode. She had barely reached a point of safety, when a loud report was heard, the acid had exploded and the top of the stove was blown off and the jar was so great that one of his windows in the front of the house was broken, and set fire to the kitchen. The fire alarm was turned in but before the fire department could reach there, it was extinguished, as it turned out no great damage was done although it might have proved most serious to Mrs. Mutchler.

### PAW PAW WON IN THE RELAY RACE

There has been on display during the week in the cases in front of the O'Grady Bros. store, a beautiful shield, the property of the Paw Paw school. The shield is the trophy won on the track in the field meet at Kalamazoo last Saturday by the Paw Paw high school relay team, Kirke Harrington, Grant and Clare McFarlin and Art Nunn.

The victory was a notable one and the boys may well feel proud of the accomplishment. There were 33 schools competing and the ease with which Paw Paw won places the team among the first in the state. The boys will go to Lansing soon to compete for state honors.

The relay team were not the only boys from Paw Paw who starred in the events. Art Nunn showed the big field how the broad jump was done and won the event with ease, and Grant McFarlin took second in the 100 yard dash, being defeated by only a slight margin by Merchant of St. Joseph.

It was an exceptional fine showing for the Paw Paw boys and they are all to be congratulated on their performance in the big meet.

## Talk-To-Waters For Paint.

For over 20 years we have been selling LAKEY mixed house paint made in Kalamazoo. LAKEY paint is second to none—it is at the top of the heap. Owing to the great advance in the cost of raw materials the manufacturers have been forced to advance the price, but still our quotations are less than what other high grade paint can be sold for.

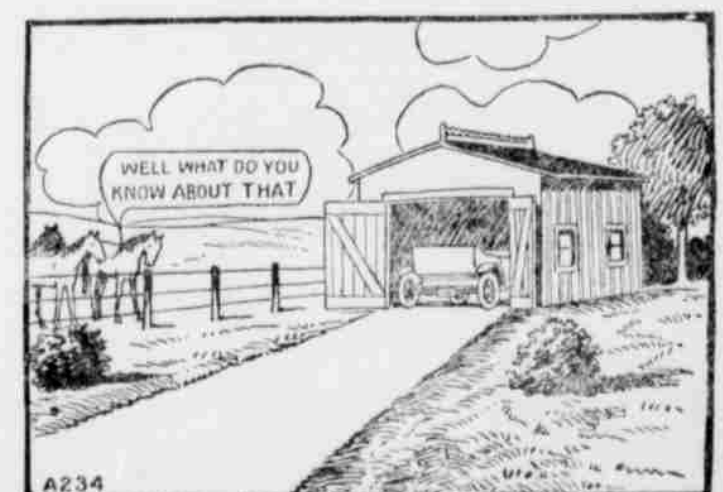

Present Price \$2.25 per Gal.

Talk-To-Waters for Jap-a-lac So handy for use in house cleaning. We have it in 10c, 15c, 25c, 45c and 80c sizes
